

GREEN EXPLORER'S CLUB

AT CLARENCE INTERNATIONAL

Green Explorers brings a real hydroponic growing tower directly into CIS, where children can discover the wonder of growing their own food through fun, hands-on activities. Your child will plant, tend, and taste a real harvest all in just 8 weeks.

What Your Child Will Do

- Observe seeds sprout & grow into plants
- Conduct real experiments
- Create plant-inspired arts and crafts
- Experience the pride of tasting what they've grown

Program Details

- 8 weekly sessions
- Wednesdays 15:15–16:15
- April 15th – June 24th, 2026
- ¥32,000 per student
- Register by April 8th
