

GREEN EXPLORERS CLUB

AT CLARENCE INTERNATIONAL SCHOOL

Green Explorers brings the wonder of growing food straight into the classroom. Using an in-school hydroponic tower, children observe, experiment, and grow their own greens. It's an active, hands-on program built for curious young minds.

Students will

- Watch seeds sprout and grow into plants
- Discover what plants need to be healthy
- Explore the parts of a plant and how they work
- Build a hydroponic system from scratch
- Create nature-inspired arts and crafts
- Experience the pride of harvesting and tasting what they've grown

Program details

- 11 weekly sessions
- Wednesdays 15:15–16:15
- Sep 9th – Dec 2nd, 2026
- ¥48,400 for full program
- Register by Sep 2nd
